FTEM: Let's gossip about the gang for a while. Didja know that world-famous philosopher Marshall McLuhan has a brief writaup and a full-page photo of our leader. In his first book, published in 1951? It was
titled The Mechanical Bride, and the chapter concerning comic mags quoted Smilln!
Stan himself But, why not? Even Fearless
Forbush is a fan of his! Rascally Roy, who's
just bought himself a pet ocelot named
Golium (honesti) and Groovy Gary, who's

just sold about a zillion pop songs which | you'll all be humming soon, had both better look to their laurels - mainly because we've just lassoed a brand-new addition to our wondrous staff of way-out writers! Step right up and meet Raymond Marais who's now scripting Dr. Strange and will soon betrying his hand at Sub-Mariner as well. Not only is talented Ray as nice a guy as you'd wanna meet, but he's got more hair in his beard than the rest of the Bullgen have on their pointy heads!-And he's just a young sprite, too! One of these days we'll find out what he's hiding under there, but till then -welcome aboard, Bushy-and remember, your most important duty is-THINK MAR-VEL

STAN'S SOAPBOX!

Many Keepers of the Faith have demanded that we take a more definite stand on current problems such as Viet Nam, civil rights, and the increase in crime, to name a few. We've a hunch that most Marvel madmen pretty well know where we stand on such mattersand we've long believed that our first duty is to entertain, rather than editorialize. Of course, you've probably no-ticed that it's not too easy to keep our own convictions out of the soul-stirring sagas we toss at you-but, in our own bumbling fashion, we do try. Anyway, since it's YOU who are the frue editors of Marveldom, it's time for another impassioned poll! Should we editorialize more - or less - or keep things in their present fouled-up form? We'll announce the verdict as soon as one of us learns to count so we can tabulate the votes, But, till then, in case you haven't noticed, we've got a little suggestion for you. Namely-THINK MARVEL! That's t. Believer!

Dear Stan.

I have to congratulate you on STRANGE TALES #157. It was the best since I can remember. Beginning with It was the best since I can remember, beginning with Nick Fury, in "Crisis", it was off to a good start. Jim Ster-anko did a great job on the art, and the fight scenes be-tween ol' Nick and Strucker were something! I like the emotion put into the characters. The photo splash on page 8 was in the grand ol' tradition of Jack Kirby, who first introduced me to comics. Brother, I'm glad I'm not one of those Hydra agents. With fears like that . . ! Doc Strange was at his mystical best battling Zom. Marie Severin's art improves with each passing issue. I especially like the inks being used. They certainly are different. I hope you continue to use them, but only on D.S. They wouldn't fit in right on some other strip. This is Marcher #2573 signing Louis Morra, 14 Grove St. N. Attleboro, Mass. 02760

Good hearing from you, Lou! Glad that Jim Steranko's art grabs you as it does—and most everybody seems to agree that Merry Marie gets better with each pencil line she draws. But, we've been keeping her busy with NOT BRAND ECHH and the Hulk lately, so let us know how you like Dapper Dan Adkins' work on Doc Strange-when you get thru drooling, that is!

Dear Stan,

Now you've done it! What did you do? You went and bumped off the Ancient One-that's what you did! And we're pretty mad about it, too. (No, Marie, we're not mad at youl You had to draw that story in issue #157.) What did you go and kill him off for? Killing off Uncle Ben was

acceptable, but the Ancient One? No. no. a thousand times no! Listen to reason, Stan. Listen to the ones who pay your salary. Bring back the Ancient One. Either send us your resignation or a letter of apology. Let's see . . . Book of Vishanti . . . page 105,897. . . Spell #645 . . . To get rid of uncooperative writers—l Bruce Moore, P.O. Box 394 Bellefontaine, Ohio

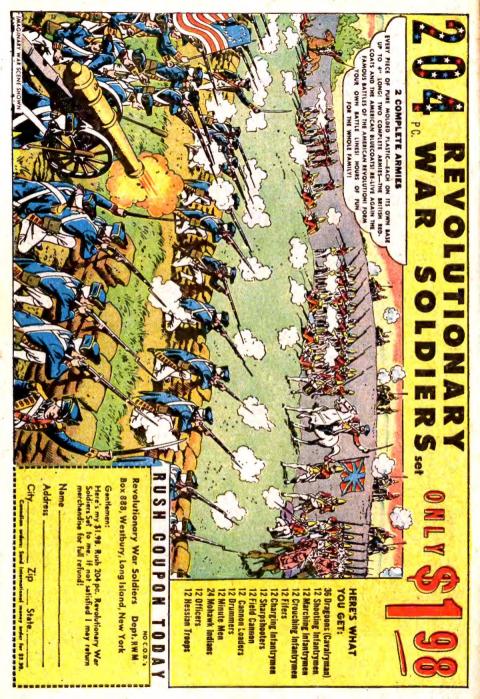

Okay, Bruce boy-hang onto your amulet and don't get any cinders in the Eye of Agamotto—if you won't let your good fortune shake you, we'll promise by the hoary hand of Hoggoth that the Ancient One lives! And now-a short pause while we all get a rein on our emotions-!

Dear Stan,

Several years passed in review as I embarked upon STRANCE TALES #158-Nick Fury. Since the most remote and nebulous beginnings of my life with your memorable masterpieces, I have lain in appreciative demeanor and to that state I will forthright return. However, I feel that the unpardonable chronological disparity between page 8, panel 5-"... Only two minutes before the death spore detonates..."—and page 10, panel 5-"... There are only three minutes left until ..."—must be presented if only for the purpose of assuring your continued support of believing. Marc Cutler, Box 485 Bisbee, Ariz. 85603

If there's one thing we like, it's a Believer who writes in good, clear, basic English! (And maybe someday we'll find him!) Anyway, Marc, many thanks for call-ing our attention to the most unforgivable mistake since we hired Irv Forbush! Yours was the first such comment we received, but there were hundreds more! All we can say is, that's a heckuva way for Jaunty Jim to hint that he needs a new wristwatch!

NEXT ISH: The sardonically sinister Yellow Claw sets a trap so deadly that Nick Fury and his SHIELD stalwarts may have to be replaced by a Western next month! And don't think everybody's favorite Master of the Mystic Arts is ganna be sitting on his hands, either! While of Doc clashes head-on with Baron Mordo-the Living Tribunal returns to make mincement out of al' Mother Earth And wait'll you see the fateful role of Victoria Bentley in a senses-shattering climax as only Dapper Dan Adkins can depict it! Face it, tiger—nobody socks it to you like Magniloquent Marvell
